UX Researcher • Learning Experience Designer • Service Designer

UX researcher and learning experience designer with interdisciplinary expertise in human-centred design, digital services, and adult learning. Experienced in designing evidence-based learning programmes. Translating complex systems into clear, user-centred solutions. Skilled at identifying behavioural patterns, synthesising insights, and facilitating multidisciplinary collaboration to address complex problems. Professional experience spans academia, financial services, and international education programmes. Research interests include digital user experience, human-AI interaction, service design for public systems, and learning design for behaviour change.

Professional Experience

Create with Swift | Content Designer & Author

Napoli, Italy | Jul/2023 _ present

Research and produce educational content on design, mobile development, and ethical technology for an international developer community. Publish articles translating complex concepts into accessible educational resources for coders and designers. Analyse community needs to identify relevant topics and produce research-informed content. Apply principles of learning design, storytelling, and pedagogy to improve comprehension and knowledge retention.

Università degli Studi di Napoli Federico II |

Visiting Professor, Graphic Design

Napoli, Italy | Oct/2024 _ June/2025

Designed and delivered graduate-level instruction for the Master's in Design for the Built Environment. Developed and delivered a course integrating theory with applied project work. Guided students through structured design methodologies, research frameworks, and iterative critique. Facilitated project-based learning to support critical thinking, problem analysis, and communication skills. Assessed student work using clear evaluation criteria and structured feedback processes.

Imaginary Institute (Apple Developer Academy) |

Senior Instructional & Product Designer

Napoli, Italy | Nov/2021 _ present

Design mentor and learning experience designer supporting international cohorts in developing digital products and design skills. Designed and facilitated learning programmes and workshops focused on design thinking, collaboration, and product development. Mentored multidisciplinary learner teams through research, ideation, and problem response. Created learning materials and resources to support knowledge transfer. Conducted programme evaluation through participant feedback and learning assessment, contributing to continuous curriculum improvement. Curated external workshops by industry experts aligned with programme goals. Managed logistics for collaborations, including speaker

coordination, budgets, NDAs, and statements of work. Organised community events connecting learners with professional networks and industry actors.

Raiffeisen International Bank | Senior UX Designer & Researcher

Wien, Austria | Jun/2019 _ Oct/2021

Led UX research and design initiatives to improve digital banking features and user adoption. Conducted qualitative user research, including interviews and behavioural analysis, to identify usability issues. Synthesised research findings into actionable insights informing product and service improvements. Designed digital onboarding experiences that improved clarity, accessibility, and user engagement. Collaborated with product managers, engineers, and business stakeholders to align user needs with organisational objectives. Communicated research insights through reports, journey maps, and stakeholder presentations.

Boris in Berlin | Product Designer (iOS)

Remote | Mar/2019 _ Jun/2019

Product designer for DanceMe and BeMySpace iOS apps. Designed mobile experiences based on Apple's Human Interface Guidelines.

Guia Folha _ Folha de S.Paulo | Editorial Designer

São Paulo, Brazil | Jan/2010 _ Sep/2013

Created visual communication and infographic materials for editorial audiences. Editorial, infographic design, and photo editing for weekly city guide and seasonal magazine editions. Translated complex topics into clear, engaging stories.

Folha de S.Paulo | Junior Graphic Designer

São Paulo, Brazil | Oct/2007 _ Sep/2009

Editorial layouts and infographics. Translating complex ideas into clear, engaging visual stories tailored to different audiences.
